RO PLASTIC-MASTER'S PIECES

calling artists to reuse and reinvent plastic waste

Jaime Hayon /

Ro Plastic - Master's Pieces is the exhibition curated by Rossana Orlandi with unique and unpublished works created exclusively for the project, in recycled plastic, by artists, designers and architects of world renown who aims to demonstrate that the use and reuse aware of the plastic they can be part of the solution of a concrete and actual problem.

Among the international names on show also Jaime Hayon with the XXXX tapestry made by the Bonotto Manufacture. L & # 39;

jacquard tapestry, which required over 100 hours of production, was worked by the special frames of Giovanni Bonotto's Fabbrica Lenta with the green fabric by definition: the Bonotto Gardening, a recycled polyester yarn made from recycled plastic obtained from use bottles common and that expresses the heritage of Bonotto in terms of style, innovation and craftsmanship.
